START Bridgeton Dust Task Order Draft 11302016.docx

Debra, here is the drafted task order for the pending action Tom was taking this on but is out on leave (residential sampling Pre-CERCLIS screen). Lynn has approved by email which I will forward for your records. Let me know if you or Anthony need anything else to move forward with award.

Thanks,

Bradley Vann - Remedial Project Manager

**Subject:** RE: B.M.A.C. SOW  
**Importance:** High

Revised with pre-CERCLIS code (not Removal Assessment) per Debbie's feedback. I've also

alerted Debbie to the pending budget need and will confirm with Debra (PO) when I can catch her. Contractor has also been alerted to pending kickoff meeting next Monday (noon to 2 pm) and will plan accordingly. Rad team has been copied on that meeting to include STL Corps, MDNR and Kappelman. Thanks

Thanks, Brad.

I made a couple of edits this morning based on the information I received from Todd Campbell last night. I compared this to your version and incorporated your changes.

I suggest you submit these version for Lynn's and Debra's review.

Thanks,

Tom

Nice work on the train, Tom. Reviewed and edited this morning for red font items (confirming site charge code with Jacob – consider it placeholder until Debbie finalizes later today). Chuck let's discuss after weekly to see if anything else is needed but appears complete from my perspective. Definitely want your feedback before getting Lynn's approval and sending to Debra for issuance.

Thanks,

I asked Todd Campbell to send me his task order for the BMAC investigation yesterday.

I think it may be helpful to compare to the TO that I sent yesterday. If I can, I'll make some edits and send while I'm on the train. I wanted to pass this along in case I am unable to make any edits

myself.

Tom
